TWELVE ESCAPE

Four Guards Taken as
Hostags by Fleeing
Convicts

McAlester, Okla., May 13—(P)—
Two men were reported killed to-
day in a daring break from the
Oklahoma State Penitentiary brick-
yard.

Warden Roy Kenny said he be-
lieved at least 12 of the 160 prison-
ers assigned to the yard fled after
an exchange of shots with guards.

Kenny said C. D. Powell, about
50, foreman of the brickyard, was
one of those killed.

He said the other slain man
had been identified tentatively as
Robert Dunningham, a convict.

First reports, said Kenny, indi-
cated the prisoners drew knives
on foremen working inside the
plant, and using them as shields,
forced guards on the walls to
throw down their guns.

"The prisoners took the guns
and opened fire," the warden ad-
ded. "They then took a guard's
car and fled. Later they seized a
prison truck."

Kenny said four guards were
missing. He said he believed they
were taken as hostages.

Bob Gossett, a guard, was taken
to a hospital in McAlester, with
several bullet wounds.

Crime

East Liverpool, O., May 13.—(P)—
Francis Cannon, 40, a pottery
supply salesman, was found beaten
to death early today on a street
here.

Police quoted two women com-
panions of the slain man as saying
a motorist assaulted him after ad-
dressing insulting remarks to them.

Cannon, they told police, was
struck with an unidentified in-
strument, possibly an automobile tool.
Physicians said preliminary exami-
nation indicated he died from either
a broken neck or a skull fracture.

Police sought clues in an effort
to identify Cannon's assailant.

GALLANTRY AWARD
COMES AS SURPRISE

Hollywood, (P)—A government
citation for gallantry, the result of
a swim he made 37 years ago, was
a big surprise Wednesday to Capt.
Edward J. Hardy. He had forgot-
ten all about it.

As an officer of volunteers in the
Philippines March 27, 1899, Hardy
swam a river under fire of insur-
gent forces and obtained a raft
which United States troops used in
capturing 300 of the enemy.

Modesto, Calif., May 13—(P)—

jured here yesterday when his air
glider went out of control and
plunged 400 feet to the ground.

CITY LEVY APPROVED

Only 3 Precincts Fail to Give Proposal Majority—
Revenue to Meet Operating Costs

A 2-mill levy to meet operating expenses for Washington C.
H. was authorized Tuesday by the city's citizens by a vote of 1,248
to 862 at the primary election polls.

Many previous proposals for extra levies had been voted down,
some of them because a two-thirds majority was required by law.
For the levy passed in the Tuesday voting only a majority was
required under the altered law.

Of the 17 city precincts, only three failed to give the levy
proposal more than a majority, one each in the first three wards.
The four precincts of the fourth ward all approved the levy.
The disapproving precincts were First ward D, Second ward C and
Third ward C.

The levy is calculated to raise between \$15,000 and \$16,000.
The approval of the levy, City Manager Gilbert Sollars said,
means that the city can "live within its income" this year and
next. He explained the additional revenue would make it possible
for the city to meet its current running expenses, the principle
one of which is the bill for fire hydrants, and retire its bonds as
they come due. Enforcement of city ordinances, Municipal Judge
Charles Lewis declared, had made the Police department "almost
self sustaining" through fines collected.

Failure to approve the levy, Sollars said, would in all prob-
ability have made it necessary for the city to defer in its bond
payments by meeting them, as they came due, with refunding
bonds. In this way, he added, the money which would have gone
to reducing the city's top-heavy debt would have had to be used
to operate the city.

The levy is to be assessed against personal and real property
for 1936 and 1937 and will be included in the June taxes. Edwin
Ducey, deputy county auditor, asserted. He explained further that
the special levy would "come back" on those who had paid their
taxes in advance.

CONGRESSIONAL NOMINATIONS
REFLECT COUGHLIN INFLUENCE

Columbus, O., May 13—(P)—
Father Charles E. Coughlin ap-
peared well on the way today
to make good his prediction
that half the Ohio congres-
sional candidates endorsed by
his National Union for Social
Justice would be nominated.

Of seventeen such candidates
under the democratic colors in
the 22 Ohio districts, two had
been nominated while seven
others were leading with more
than two-thirds of the vote
counted.

In the congressman-at-large
and Republican district races
the Detroit radio priest's es-
pous candidates did not fare so
well. Only two of the 13
republican candidates led in
their districts, was nominated
while none was ahead far for
the two congressman-at-large

PIKE COUNTY JUDGE
AND PHONE CALLS

BASIS OF EXAMINER'S TALK ON
HIS WORK IN HILL COUNTY

Columbus, O., May 13.—(P)—
State examiner Fred C. Stiles told
the State Bureau of Accounting to-
day that he believed Common Pleas
Judge George D. Nye of Pike county
had charged \$387.25 in personal
long distance telephone tolls to the
county.

In his report filed with the
bureau, examiner Stiles said the
large amount of tolls charged to
the judge's telephone and paid for
by the county "lead your examiner
to believe that a number of the calls
were of a personal character." He
listed the calls which he considered
personal covering the period from
March 21, 1933, to Nov. 20, 1934.

President Roosevelt's Ad-
ministration Given Full

enridge Vote Not
Large Enough to
Rate as Protest

Columbus, O., May 13.—(P)—
Forty six of Ohio's 52 important
delegates, incomplete primary re-
turns indicated today, will go to the
Republican National Convention
supporting a "favorite son" and six
backing Sen. William E. Borah as
candidates for president.

Forces of Robert A. Taft of Cin-
cinnati, the "favorite son," gained
steadily in the state-wide voting on
the basis of returns from 5,656 of
the state's 8,579 precincts.

While the Borah forces lost out
to the regular party organization,
President Roosevelt received an
overwhelming indorsement in a
New Deal "popularity contest."

Gov. Martin L. Davey won the
Democratic nomination as the re-
sult of nearly a two to one lead over
Congressman Stephen M. Young of
Cleveland with the counting of bal-
lots in 5,978 precincts.

John S. Knight, Akron publisher
and one of Borah's chief support-
ers in Ohio, said in a statement
the "result was not unexpected.
Senator Borah made a gallant fight
but the odds were too great. Or-
ganization and money go a long
way x x x and the 'favorite son'
state had both."

"The overwhelming victory,"
Taft said in a brief statement,
"showed that the Republican voters
of Ohio are in favor of choosing a
candidate and writing a platform
uncompromisingly opposed to Pres-
ident Roosevelt and the New Deal."

Incomplete returns indicated at
noon that Ohio's Republican dele-
gation to the National Convention
may line up like this:
Eight delegates-at-large and 38
district delegates supporting Taft;
six district delegates supporting
Borah.

Borah had entered only seven
delegate-at-large candidates and
28 candidates in 14 districts. In
eight districts he had no candidate
to oppose the 16 Taft candidates.

4 DIE IN NIGHT CLUB FIRE
STARTED BY TORCH DANCER

Girl Kicks Flaming Wand From Hand During
Dance and It Flies Into Draperies.

San Francisco, May 13.—(P)—
Four persons died in fire and
panic at a gay night club here
early today when flames from
a torch dancer's toe spread to
draperies and roared through
the place.

Of the dead, two were wo-
men—one of them the hatcheck
girl, who firemen said was
trampled under the feet of
the panic-stricken patrons as
they stampeded for the narrow
hall exit.

The others who lost their
lives were crushed and burn-
ed during the wild scene.
Nine persons were reported
injured and firemen made one

thrilling rescue, dragging a
woman from a window as the
flames roared behind her.
Describing the start of
the fire, employees of the club said
Betty Blossom, an entertainer,
was dancing with a torch in
each hand.
As she swung and kicked, her
toe struck one of the torches,
and it flew into draperies
above her head.
The flimsy draperies burst
into flames and the fire spread
quickly through the low-ceiling-
ed room.
About 50 persons were in the
club, known as the Shamrock,
when the fire broke out.

YODER IN LEAD

For Lieutenant Governor
Nomination. Returns
from Tuesday's Voting
Slow Coming in

Columbus, O., May 13.—(P)—Gov.
Martin L. Davey and Attorney Gen-
eral John W. Bricker will battle
next November for Ohio's Governor-
norship.

With nearly a two to one lead
in 5,909 of Ohio's 8,579 precincts,
Davey was assured today the pri-
mary Democratic nomination over
Congressman Stephen M. Young of
Cleveland.

Davey had 292,801 and Young
119,575. Charles H. Hubbell of
Cleveland, a frequent candidate for
public office, trailed far behind
with 16,672.

Bricker was unopposed in the Re-
publican primary, but polled a com-
plimentary vote of 242,322 in 4,936
precincts.

Senator leader Paul P. Yoder of
Eaton, frequent critics of Governor
Davey, pulled steadily ahead of
House Speaker J. Freer Bittinger,
official patronage dispenser for the
state administration, for the Demo-
cratic nomination for Lieutenant
Governor.

Yoder polled 132,548 in 6,000 pre-
cincts and Bittinger 125,474.
Paul M. Herbert of Columbus, Re-
publican nominee for Lieutenant
Governor two years ago, was a
virtual victor in a field of four.

Herbert polled 105,457 votes in
5,607 precincts, James A. Jones of
Ravenna, 82,187, George E. Tar-
ner of Cleveland Heights, 56,933,
and David McKinley Ferguson of
Cambridge, 28,863.

The Democratic Attorney General-
ship contest between Herbert S.
Duffy of Columbus, nominee in 1934,
and Frazier Reams, Lucas County
Prosecutor, continued at a hot pace.
Duffy led with 119,276 to Reams'
108,578 in 5,541 precincts.

William J. Kennedy of Cleveland,
former State Welfare Director, ap-
peared to have Democratic nomi-
nation for Secretary of State clinched.
He had 129,730 votes in 5,916 pre-
cincts to 55,273 for senate clerk
Dwight L. Matchette.

Earl Griffith, Mt. Gilead publish-
er, pulled steadily ahead of Dale
Stump of Columbus and Edward J.
Hummel of Cincinnati for the Re-
publican nomination for Secretary
of State.

Returns from 5,472 precincts gave
Griffith 119,158, Hummel 68,392 and
Stump 62,632.

Joseph T. Ferguson of Barbours-
ville appeared to have the best chance
to oppose Joseph T. Tracy for State
Auditor next November. Tracy, the
incumbent, was unopposed in the
Republican primary, while Fergu-
son led a field of six in the Demo-
cratic race.

Ferguson got 58,229 votes in 5-
329 precincts, Joseph A. Lutz of
Dayton 55,462, John H. Turner of
Shaker Heights, 45,608, Elmer
Carey of Kenton 35,667, George Ep-
pley of Cleveland 27,227, and Jacob
Mong of Akron 15,638.

State Treasurer Harry S. Day
was assured renomination on the
basis of a 228,013 vote in 516 pre-
cincts. His opponent, Lewis A.
Hanford of Cleveland, had only
35,629.

Clarence Knisley of Bainbridge
was unopposed for the Democratic
nomination.

Thomas J. Herbert of Cleveland
held a substantial lead over C. B.
McClintock of Canton and John H.
Price of Cleveland for Republican
Attorney Generalship nomination.
Returns from 5,218 precincts
gave Herbert 161,812 McClintock,
46,447 and Price, 73,933.

STRONG ENDORSEMENT

Given by Democratic Vot-
ers to Both Roosevelt
and Davey Admin-
istrations

Fayette county's two major pol-
itical parties chose their candidates
for the Fall elections Tuesday in
one of the closest Primary elec-
tions in history.

Fayette countians gave convinc-
ing approval of the New Deal in
their more or less complimentary
vote for President Roosevelt. The
vote was 1,546 for him and only
57 for his opponent, Col. Henry
Breckenridge.

Governor Martin L. Davey made
a clean sweep of the county that
left no doubt as to his strength
against his opponents for the Dem-
ocratic nomination. Approximate-
ly 4 out of 5 chose him as their
party's candidate to oppose Attor-
ney General John Bricker in the
Fall elections.

Bricker was unopposed for the
Republican gubernatorial nomi-
nation.

The returns on the yard-long
tabulation sheets came in much
more slowly than usual. The first
precinct report was nearly an hour
later than usual and it was 4:00
o'clock Wednesday morning before
even fair indications of the trend
of some of the contests developed.
Some remained in doubt to the
last.

The races for commissioner nom-
inations in each party shifted with
the returns from each precinct al-
most without fail. Henry W.
Jones, dean of the board, was
off to an early lead that appeared
sufficiently substantial to carry
him through to one of the nomina-
tion but it dwindled steadily and
finally left him in the rear but al-
ways within striking distance.

Rep. Frank Grubbs and Frank
DeWitt battled it out nip and
tuck for the Democratic nomi-
nation for state representative
through the early hours of the
counting until Grubbs gradually
drew away to a fairly safe lead
with three-fourths of the precincts
in.

The Republican race for the
nomination for state representa-
tive, was one of the hottest of the
election. With only three precincts
out at 4:15 a. m. Wednesday,
Adams had a lead that appeared
safe. The last two returns, how-
ever, tipped the balance in favor
of Keifer.

Octa, traditional sensation of
Fayette county voting, ran true to
form. The Republican voters vir-
tually voted enmasse, so to speak.
For representative all 11 ballots
were cast for the mild-mannered
Keifer. The Democrats, not to be
outdone in the way of harmony,
went unanimously also for Roose-
velt and Davey. They too cast
eleven votes.

While for some the battle is only
half won, A. Newton Browning can
run up his flag of victory. He will
continue as county prosecutor by
virtue of his defeat of F. Scott
Zimmerman for the Republican
nomination because he will have
no Democratic opposition in the
general election.

After the smoke of battle clears
away John N. Browning and Frank
E. Hidy on the Republican ticket
will fight it out with Oliver Baughn
and John Groff (for second term)
for the two seats on the board of
county commissioners.

has represented Fayette county in

DEFEAT CONCEDED
BY RALPH HINER

Charleston, W. Va., May 13.—(P)—
Ralph M. Hiner, former speaker
in the House of Delegates, conced-
ed his defeat today in his race for
the Democratic nomination for the
U. S. Senate.

He sent Senator M. M. Neely, ap-
parently successful in his fight for
renomination, this message:
"Congratulations. You won. I
lost. I'm satisfied."

The vote in 427 of the state's
2,347 precincts was:
Neely, 37,166; Hiner, 10,186.

COLUMBUS MAN HURT IN CRASH

When Ford and Truck Come Together

Less Huffman, 2013 Lockland Road, Columbus, manager of a string of boxers, was injured severely about his right knee when his Ford car and a heavy truck of The Clover Leaf Dairy Company collided at the intersection of East Court street and Columbus and Washington Avenues about ten o'clock Wednesday morning.

With Huffman at the time was Clarence Reif, colored boxer, who is to fight "Tiger Joe" Randall in Cincinnati Wednesday night, and Reif's brother, John. Neither of the two men were hurt.

The truck was driven by Bill Cutlip, who was severely shaken up but not seriously injured.

The accident occurred as the truck was headed east in Court street and apparently was about to enter Columbus Avenue, and the Ford car was headed into Court street from Washington Avenue.

Each driver placed the blame upon the other, although the right-of-way is with traffic in Court street at the point of the crash.

The Ford was virtually ruined

and the truck was also damaged. One or two cans of milk toppled to the street and the contents spread over the street.

SEWER CAVES-IN MAN IS BURIED

Quick Work of Companions Saves Life

Roscoe Vivens, colored, was literally buried alive in the Columbus Avenue sewer trench about 10:30 Wednesday morning, when the walls of the trench suddenly collapsed while Vivens was at work in the bottom of the trench at a depth of ten or eleven feet.

The loose earth completely enveloped Vivens, and covered his body and over his head nearly a foot deep.

However, fellow workmen instantly started the work of removing the earth and succeeded in taking away the top so he could breathe, then pulled him from his precarious position in the sewer as soon as some of the earth could be removed.

Suffering severely from a badly wrenched shoulder and leg, and almost suffocated, Vivens was removed to Dr. N. M. Reiff's office where his injuries were treated.

Only the prompt work of the other employees on the ditch saved him from being suffocated within a few minutes.

100 ATTORNEYS TO MEET HERE

Bar Association to Be Host to Groups from Eight Counties

More than 100 attorneys from eight nearby counties will gather in Washington C. H. the evening of May 22, with the Fayette County Bar Association in the role of host.

Although it is over a week until they are to assemble for the 6:00 o'clock dinner at the Country Club, the finishing touches were put on the arrangements at a committee

CARL V. WEYGANDT Chief Justice The Supreme Court of Ohio meeting Wednesday morning.

The occasion is the regular meeting of the 4-county Bar Association, comprising Fayette, Clinton, Warren and Highland counties. The Bar Associations of Fayette county's other border counties, Madison, Pickaway, Greene and Ross counties, have been sent invitations to attend also.

The meeting, said Judge H. M. Rankin, president of the Fayette County Association, is primarily social. There is no "official business" to be transacted he declared, adding the lawyers merely "get together every once in a while just to talk shop" and hear addresses from some of the outstanding members of their profession.

There are twenty members of the Fayette county Association and the president said he believed it was probably one of the smallest of the county groups which will be represented at the meeting here.

Carl Weygandt, chief justice of the state Supreme Court, is to be the principle speaker. On the program, however, are others who will address the gathering.

Members of the District Court of Appeals have also been invited, Judge Rankin said.

SEWING CENTER DEMONSTRATION

TO BE HELD AT CENTRAL SCHOOL THURSDAY NIGHT.

In connection with a Parent Teachers' Association meeting at the Central school building, Thursday evening at 7:30 o'clock, the W. P. A. Sewing Center under direction of Mrs. C. C. Marine, will give a demonstration which will show the kind and extent of the work being carried on by 32 women engaged in sewing.

The sewing center produces dresses for school children, women's dresses, children's under wear, sheet, pillow cases, towels, layettes and other articles, and the public is invited to attend the demonstration.

Children of the school will model dresses.

JUDGMENT ASKED IN SUM OF \$2,900

The Milodgeville Bank, filing action in Common Pleas Court against Maggie Allen and Bun Allen, asks judgment in the sum of \$2900 with interest, for \$31.25 taxes, \$32.54 insurance premium and foreclosure of mortgage on three pieces of property in Milodgeville.

The action is based on a note for \$2900 executed May 2, 1935 and mortgage executed at the same time. Maddox and Maddox for plaintiff.

ZEPPELIN RIDING TAIL WIND OVER NORTH ATLANTIC—NOW NEARING SHORES OF EUROPE

Giant German Dirigible Runs Into Fog and Near Calm First Day at Sea Which Reduce Early Speed.

By LOUIS P. LOCHNER (Copyright 1936, By Associated Press)

Aboard the Zeppelin Hindenburg, En Route to Germany, May 13.—Favored by a good-tail wind over the great northern circle, the Zeppelin Hindenburg sped into the second stretch today of its return flight across the Atlantic to Germany.

Despite fog and failing winds during the first day's run from Lakehurst, N. J., the massive airliner had maintained an average speed of 71 miles an hour yesterday for the first half of the flight to its home base at Frankfurt.

(A radio report gave the Hindenburg's position at 5:00 a. m., E. S. T., as 49.33 degrees north latitude, 26.32 degrees west longitude, about 3,100 miles east, northeast of Lakehurst.)

A heavy fog featured the first full day of the flight after the Hindenburg lifted from Lakehurst at 10:27 p. m., E. S. T., Monday, cruised over New York City and turned to the ocean.

The airship, following the northern steamer route over the Atlantic, rose to an altitude of 3,000 feet yesterday, the commanders hoping to find sunshine for the 48 passengers. They gave up after several hours and descended to a lower, equally foggy level.

Lack of winds during much of yesterday's journey reduced the speed to 55 miles and hour, but faster time at intervals raised the average to 71.

Dr. Hugo Eckener, president of the Zeppelin company, was in a jovial mood after the demonstrations of good will he found in the United States upon the Hindenburg's record first flight to America of 61 hours, 38 minutes.

He beamed with pleasure when informed of reports that a triumphant reception awaited him upon his return to Frankfurt.

HEAVY TRAFFIC ON DETOUR HERE

Extremely heavy traffic is being carried by the detour established in this city first of the week, while the Columbus Avenue paving job is under way.

The detour begins at the intersection of Court and Columbus Avenue with Washington Avenue, extends on Washington Avenue to Elm street, and thence back to the CCC over Elm street.

A number of accidents may be expected on the detour while it is in effect during the coming weeks, due to the numerous cross

streets, sharp turns and mixing of traffic from U. S. 22 with that of the CCC.

Incidentally a great deal of unnecessary noise is featuring the constant string of traffic pouring over the detour, with open cut-outs and speeders at nearly all hours of the night.

SEVEN ENROLLEES TO GO THURSDAY

Once more the "powers that be" had a change of mind as to the number of youths to be sent to the CCC camp from Fayette county, Thursday, and have decreed that seven regulars and two alternates may go to Camp Stony Creek for examination.

The first order was for twenty. This week the number was reduced to two, and now the number is seven with two alternates.

Others are to be sent about July first.

Among the boys who will be sent Thursday is a young man who lost most of his left hand in a corn shredder two years ago, and who is very willing to work.

Now that a new field gun with a range of seven and one-half miles has been invented army experts must revise their tactics.

CRAIG NOMINATED FOR APPEALS COURT

Columbus, O., May 13.—(A)—Republican for Court of Appeals, Craig 17653; Machle, 3012.

That was the brief message that came in, with hundreds of others, on Wednesday, over the Associated Press wires in The Herald office.

It means that David S. Craig, Jr., son of Mr. and Mrs. David S. Craig of this city won a smashing victory in the primary election Tuesday and, as a consequence, is now the republican nominee for Judge of the Circuit Court of Appeals of this, the second district, to serve the unexpired term of Judge Kunkle of Springfield, who died recently.

His sweeping victory is proof of Craig's popularity and high standing in the district composed of eleven counties.

MONEY IN RATTLES

Abilene, Tex. (A)—Taylor county paid \$186.91 for rattlesnakes' rattlers in two weeks. A bounty of five cents a rattle for the first five on a snake, and two cents for each additional, has been paid for more than a year. One man claimed bounty on the rattlers from 131 snakes.

Painful Piles

Go Quick—No Cutting—No Salves

It takes only one bottle of Dr. J. S. Leonhardt's prescription—HEM-ROID—to relieve itching, bleeding, or protruding piles. This internal medicine acts quickly even in old stubborn cases. HEM-ROID succeeds because it helps to heal and restore the affected parts and relieves blood congestion in the lower bowel—the cause of piles. Only an internal medicine can do this, that's why salves and cutting often fail. All druggists say one bottle of HEM-ROID Tablets must relieve you of your Pile misery or money back.

THANK YOU!

I wish to express to the voters of Fayette county my sincere thanks for their support and to pledge myself to do my best to be worthy of the confidence expressed.

REPUBLICAN FACTIONAL LEADERS BACK ON CENTRAL COMMITTEE

"Old Guard," However, Believed to Have Gained Sufficient Strength to Assume Control

However, some astute observers,

INSANITY PLEA FOR ROBINSON

May Be Made in Louisville Court in Kidnaper's Defense

Louisville, Ky., May 13.—(P)—Officials hastened Thomas H. Robinson, Jr., to court today to face arraignment on the accused kidnaper of Mrs. Alice Speed Stoll, although uncertain whether he would plead guilty or seek refuge in a plea of insanity.

"I know he is insane and has been for several years," declared Thomas H. Robinson, Sr., as he sought to employ counsel for his son in Nashville, Tenn.

United States District Attorney Bunk Gardner, however, said he anticipated a plea of guilty, with a probable sentence to life imprisonment to follow.

He said he had no information to indicate the government would accept a guilty plea with the understanding the death penalty would not be urged.

The extreme penalty could be exacted in the Stoll kidnapping case, as the young wife of a wealthy Louisville oil executive was beaten when she was kidnapped in 1934 and held captive in an Indianapolis apartment.

Robinson was arrested in Glendale, Calif., Monday night.

The life of the Tennessee fugitive, during the many months when he was the object of a nationwide manhunt, was told by E. J. Connelley, chief of the Cincinnati office of the Federal Bureau of Investigation after Robinson had been grilled for several hours.

He "freely admitted" kidnapping Mrs. Stoll, Connelley told reporters, after which harried by authorities, he spent most of the ransom money to keep ahead of the chase.

Robinson, Connelley said, "didn't know why" he had kidnapped Mrs. Stoll and ridiculed reports that he had masqueraded in women's clothes to escape capture.

"Robinson laughed when someone asked him about that," U. S. Marshal L. E. Cranor said. "He stuck out one of his feet and asked, 'How in the heck could I get a woman's shoe on this No. 11.'"

who have seen behind the scenes, express the belief that neither will be a potent factor in the organization for long.

The "Old Guard," squeezed out several years ago when the factional rift first developed, is back in the saddle, they believe, and will muster sufficient strength for control of party affairs in the county. The so-called "Old Guard" has always managed to keep pretty much in the background in the political maneuvering and even those in close touch are hesitant about "pegging" its Central Committee candidates.

These sparse returns showed the ten delegates favoring Landon for president to be running ahead.

BYRNS KNOCKS LEMKE BILL

Speaker Says It Means Inflation and Rising Prices

Washington, May 13.—(P)—Speaker Byrns took the House floor today in the fight over the Frazier-Lemke farm mortgage refinancing bill to read a letter from William Green, president of the American Federation of Labor, opposing passage of the \$3,000,000,000 measure.

Green's letter, the speaker said, recited that the A. F. of L. executive council now meeting in Washington had gone on record as against the bill "largely because of its inflationary features."

"We know," the speaker read, "that when inflation of the kind proposed in this bill is adopted, commodity prices rise and wages stand still."

The speaker's appearance on the floor was a surprise move of the House leadership which is fighting passage of the bill. Byrns was greeted with applause both before he started speaking and after he concluded.

A few moments before, in a move to break down some of the opposition, Representative Boileau (P., Wis.) told the House that supporters of the bill definitely would offer an amendment to limit loans on farm lands to 80 per cent of the fair value of the lands.

Members, he said have argued against the bill because in its present form it would permit loans up to 100 per cent on farm lands and up to 75 per cent of the insurable value of improvements.

Some Frazier-Lemke adherents have predicted the proposed change would bring in at least 40 more votes for their cause.

MORGENTHAU TALKS IN SECRET SESSION

TO SENATE FINANCE COMMITTEE ON TAX BILL FIGURES.

Washington, May 13.—(P)—The Senate Finance committee closed its doors today to hear Secretary Morgenthau reply to criticisms which have apparently driven the House Tax bill to the threshold of revision.

As Morgenthau went before the committee for the second time to defend the administration's plan for taxing undistributed corporation profits, there was strong indication that the senators were leaning toward a compromise.

Senator Harrison (D., Miss.), chairman, sought to smooth over the troubled waters with a proposal for imposing a flat 15 per cent tax on net corporation income with surtaxes ranging from 5 to 45 per cent if more than 30 per cent of earnings were withheld from distribution.

The committee closed its doors because law prevents publication of income tax returns. The treasury head was submitting to the committee information derived from the returns of big corporations.

BODDE, ECKERT AND SWEENEY OF DETROIT ARE THE MEN

Detroit, May 13.—(P)—Three former bank officers, John R. Bodde, Edwin J. Eckert and Donald N. Sweeney, were convicted by a Federal court jury on three counts, charging banking law violations before the 1933 banking collapse here.

Judge Patrick T. Stone ordered that defense motions to set aside the verdict be submitted next week. The \$2,500 bonds of each of the defendants were continued.

IT'S "ASININE" BIG JIM SAYS

Charge That Republican Campaign Matter Is Mutilated in Mails

Minneapolis, May 13.—(P)—Postmaster General James Farley termed "asinine" today the charge of Henry P. Fletcher of the Republican national campaign committee, that Republican campaign matter had been "mutilated" while in the mails.

"When I return to Washington I will investigate Mr. Fletcher's complaint, which on the surface appears asinine," said Farley in his private car en route east from Devils Lake, N. D., where he addressed

the North Dakota state Democratic convention yesterday.

He declined to enlarge upon his statement.

Farley refused to comment upon the West Virginia and Ohio primaries except to say the showing of United States Senator M. M. Neely over the candidate supported by United States Senator Rush D. Holt "was expected."

Washington, May 13.—(P)—A decision of a Senate appropriations subcommittee to call Rexford Guy Tugwell, resettlement administrator, and Secretary Ickes to testify on the \$2,364,229,712 deficiency-relief bill was announced to reporters today by Senator Glass (D-Va.).

As Chairman of the full committee, he made the statement after Harold L. Hopkins, Works Progress Administrator, explained the activities of the organization which would get \$1,425,000,000

under the terms of the bill. Hopkins talked behind closed doors.

The committee has before it an amendment introduced by Senator Hayden (D-Ariz.) to give Ickes \$700,000,000 in addition to amounts voted by the House.

Hopkins was asked to return to the committee room after a lunch-recess.

Charles P. Stewart Says:

DRYS TRYING AGAIN TO IMPOSE PROHIBITION

By CHARLES P. STEWART

Washington, May 13.—It will be interesting to note from time to time what, if any, progress the prohibitionists make with their effort to resuscitate their cause as a national issue.

Their first step is to try again to dry up the District of Columbia, as an example to the remainder of the country.

A bill to that effect, introduced by Representative U. S. Guyer of Kansas, already is pending in congress. It is more than unlikely to be voted on at this session. However, another one is sure to be offered by Guyer or someone else next winter.

BUTLER A CONVERT

In the meantime, under the name of the United Dry Forces, the prohibitionists are campaigning.

At their initial rally in Washington General Smedley D. Butler, retired from the marine corps, who, several years ago, as chief of police, made a sensational attempt to make prohibition stick in Philadelphia, was their keynote. His subject was "The Booze Racket". On his Philadelphia assignment the general was not supposed to be personally particularly enthusiastic for dry legislation; he simply was endeavoring to enforce the law as he found it. But now he obviously is as ardent a prohibitionist as ever was Wayne B. Wheeler.

Of course, Congressman Guyer spoke, too, and there was a prayer by the Rev. Dr. James Shera Montgomery, chaplain of the house of representatives.

In short, the gathering had something of an official aspect.

GOOD PLACE TO BEGIN

Strategically speaking, Washington is a good city for the dries to start on.

It is conspicuous. As the dries say, it is a guinea pig for the whole country.

The sentiment of its inhabitants is overwhelmingly wet, but its citizenry is voteless. If the dries can scare congress, congress will not care a penny for the feelings of Washingtonians. True, any congressmen, who have to spend much of their time here, like their own drinks. But they know they can get them anyway, prohibition or no prohibition. So can anybody.

NOT "SMACKED DOWN"

It may seem as if the prohibitionists should have been fairly well smacked down by the 1932 election and what followed, but they do not see it that way.

The wets always contended that prohibition was put across in a national fit of war hysteria—everything potentially drinkable being needed, instead, to feed Uncle

Poetry For Today

LOVE

Love bade me welcome; yet my soul drew back,
Guilty of dust and sin.
But quick-eyed Love, observing me grow slack
From my first entrance in,
Drew nearer to me, sweetly questioning
If I lack anything.

"A guest," I answered, "worthy to be here;"
Love said, "You shall be he."
"I, the unkind, ungrateful? Ah, my dear,
I cannot look on Thee."
Love took my hand and, smiling, did reply,
"Who made the eyes but I?"

"Truth, Lord; but I have marred them: let my shame
Go where it doth deserve."
"And know you not," says Love, "Who bore the blame?"
"My dear, then I will serve."
"You must sit down," says Love, "and taste my meat."
So I did sit and eat.

High Spots In Ohio History

From the Galbraith collection of Ohio Histories. Written for the Associated Press.

One of the most interesting episodes of the Civil war in Ohio is usually referred to as "The Siege of Cincinnati". Gen. Kirby Smith moved up from Tennessee, with a considerable force and well supported by Gen. John Morgan's cavalry, and Ohio authorities were certain the Confederates planned to capture Cincinnati's wealth and supplies.

Gov. David Tod issued a call for a class of men still at home and later known as "The Squirrel Hunters", ordering them to report at Cincinnati as rapidly as possible, using their own transportation and arms. Major Lewis Wallace, put in command, proclaimed martial law over Cincinnati, Newport and Covington.

"The Squirrel Hunters" waited four days but, excepting a few picket skirmishes, there was no "war".

Ohio Oddities

By R. C. HALL

John S. Rarey of Groveport, Ohio, was perhaps the world's greatest horseman of his time. He began training horses when he was nine years old and it was said he never saw a horse he feared and none of the many he trained feared him. When he was 12, Rarey's father gave him a pony which he trained to perform many tricks. He attained such a reputation that he received engagements in European cities and performed before some of the most distinguished citizens of the world.

WHY NOT PUSH TOGETHER?

A NEW YORKER AT LARGE

By JACK STINNETT

New York—Howard Ketcham, himself is a towering, broad-shouldered symphony in dark blue with just the correct touch of enlivening red and green in the stripes in his tie.

The walls of his office are a pale, soft green. . . "Restful, but not provoking drowsiness," he explains.

He uses the conventional white stationery but his letters are typed in green from a ribbon especially prepared for him. The ink of his signatures matches. Green on white, he says, is much more legible, less irritating to the eyes and nerves than black or blue on white.

There was that brick maroon for automobiles, for instance. The dealers turned thumbs down on the color. "Too brickish," they said. So the manufacturers took the brickishness out of it, made up several demonstration cars in the color, and presented them at the automobile shows. The dealers still said "too brickish." Ketcham straightened the situation out immediately. The "brick" in the new maroon

Flashes of Life

HELPFUL HINTS.
Baldwinsville, N. Y.—The Chamber of Commerce asked citizens of Baldwinsville and nearby rural residents what could be done to improve trade.

Among the suggestions received in reply were:
"Put more good-looking, unmarried clerks in the stores; open a roller skating rink; provide a place for women to smoke; and transform the village into a likeness of Venice, with canals and gondolas instead of streets and automobiles."

SOUNDS EASY.

Stuart, Fla.—Catching rattlesnakes with his bare hands isn't so difficult, says Newt Chase, Martin county farmer and trapper.
Chase says he makes a couple of passes with his hands, presumably to disconcert the snake, and then looking it in the eye, grabs it just back of the head.

"I've caught a hundred of 'em and never been bit yet" he added.

"Of course I'm careful because a fellow is allowed only one mistake."

ALL IN A DAY.

Los Angeles—Charles England, steeplejack, fell 140 feet and caught a rope in time to save himself. An eight-foot statue of Diana, made of copper fell with him and received a broken leg.
England brushed himself off and began taking stock, "I'll bet I smashed my canteen," he said.

LONG-TERM SMOKER.

Tacoma, Wash.—William Mahan, off to McNall Island prison to serve 60 years for kidnaping George Wehrhaeuser, offered to trade his sedan for enough tobacco to last him through the term. U. S. Marshal A. J. Chitty said the car had a clear title except for a year's storage, but there were no takers.

come from the electric light in the showrooms.

Ketcham thinks it will not be long until all schools are using yellow "blackboards" with black chalk; all artificial lighting will be "color corrected" lighting, which is like daylight; and various denominations of the national currency will be printed in different colors.

Ketcham's job is to determine, in advance, what color a manufacturer should use in presenting an article for sale. From Oshkosh to Miami, from Long Beach to Atlantic City, his color scouts are constantly on the go, making surveys of the "purchasing public's" choice of color.

He knows that black automobiles are preferred in New York and tan ones in California. He recently determined that red was the best color for presentation of a package of beverage similar to coffee. He credits the change in color for a 50 per cent increase in sales of a fountain pen.

Making a survey for a manufacturer of toilet sets, Ketcham insisted that milady's vanity should be graced with lilac and coral. The manufacturer balked. In 50 years, the company had never used lilac or coral. He weakened. Now the best seller lists of the manufacturer are topped by lilac and coral.

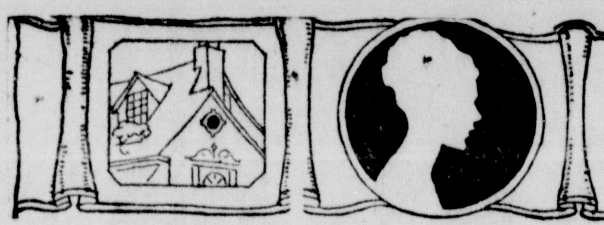

Individual color tastes do not interest Ketcham. It's mass reaction that counts. His favorite story is about the factory which had two cafeterias, one for men and one for women. The women complained constantly that their cafeteria was cold, despite the fact that the temperature was constant at the level of comfort.

The color engineer was visiting the factory on another job. Some one happened to mention the complaints. He looked over the cafeteria. It was painted in light blue. The table and chairs were white. At his suggestion, an orange border was painted around the room and orange slipcovers placed on backs of the chairs. The complaints ceased. "Psychological warmth," Ketcham explains.

Coeds Prefer Brains In Their 'Ideal Man'

Tallahassee, Fla. (AP)—Girls at Florida State college for women want their "ideal man" to be intelligent above all. Then they want honesty, ambition, sense of humor, good health and personality, thoughtfulness, neatness, courtesy, education, sportsmanship, religion, dependability and kindness.

"Good looks" are helpful but the handsome young man without intelligence stands only twentieth in their rankings. This was shown in a poll of 350 psychology students.

Ranking the "ideal woman," they placed personality, health, neatness and poise above beauty.

THORNTON'S
"Modish and Modern."

THE second annual Mothers and Daughters banquet sponsored by the Marguerite class of the First Presbyterian church was a distinctly pleasurable affair, assembling forty-nine class members and guests in the church dining room Tuesday evening at half past six o'clock. The affair included an elaborate dinner, served by the World Service Guild, and a delightfully entertaining program.

Mrs. H. H. Ryland, Miss Dorothy Ryland, of Bucyrus, mother and sister of Mrs. John Forsythe, Mrs. Charles Coe, of Catawba, Ohio, mother of Mrs. Russell Giebelhouse, and Mrs. Overton Hire, of Greenfield, were among the evening's guests.

A large U-shaped table seated the party and was most artistically appointed in the class colors—blue and silver. A large silver bowl of snowballs formed the centerpiece and a lane of tall blue lilies, the valley at the ends of the table. Other flowers were arranged in points of vantage around the dining room. The Guild, under the chairmanship of Mrs. Robert Turpeed, served a delicious three-course dinner.

Mrs. William Rogers, class president, gave the welcoming address to the mothers and Mrs. J. Stanley Mitchell, a guest, offered the blessing. The introduction of the mothers and guests was made by the individual class members in an interesting little ceremony. Mrs. Giebelhouse was at the piano for group singing, led by Mrs. Charles Schwart.

Mrs. Charles S. Hire gave the toast to mothers and Mrs. O. D. regular made the appropriate response. Miss Dorothy Ryland entertained with two horn solos and Mrs. George Campbell gave two entertaining readings.

Mrs. Earl Powell, teacher of the class which bears her name, made a pleasing address and presented gifts to the youngest mother and the oldest mother of the assembly. In behalf of the class, Mrs. Powell also presented a farewell gift to Mrs. J. Stanley Mitchell, who leaves at the close of school.

Mrs. Schwartz sang two beautiful solos, followed by a most effective tableau, "Greatest Moments of a Mother's Life." Mrs. Sam Parrett was the commentator, introducing the sequences and Mrs. Russell Giebelhouse playing the musical accompaniment. Mrs. Clark Pensyl, Mrs. Carroll Halliday, Mrs. Forrest W. Smith, Miss Leontine Staubus, Mrs. William Rogers, Mrs. Edward Cunningham, Miss Mary Sauer, Mrs. Willard Bonecutter and Mrs. Jess Robinette appeared in the tableau, which entertainingly depicted the high-lights in the mother's life.

Mrs. John Forsythe acted as general chairman of the banquet and was capably assisted by members of the class in carrying out the entirely successful arrangements.

The Sunday School Board of the First Baptist Church preceded its business meeting of Tuesday evening with a covered dish supper in the church home. A sumptuous spread was enjoyed at half past six o'clock.

Mr. Harry Wood, Sunday School Superintendent, conducted the business meeting. Miss Stella Kressel was elected Primary Superintendent, Mr. Donald Mossbarger, Secretary, Hughie Backenstoe, Jr., pianist, and Lorrie Merritt, assistant. Mr. Albert Caplinger was named assistant secretary. Mr. Glenn Caplinger, treasurer, Mrs. Lawrence Giebelhouse, chorister, Mrs. Carl Preston, assistant chorister, Mrs. Hughie Backenstoe, Home Department Secretary, Mrs. Bert Lindsay, Cradle Roll Supt., Mrs. Richard McLean, chairman of Program Committee, Margaret Reno, Primary Dept. pianist.

The board presented a beautiful silver cream and sugar to Mr. Albert Caplinger and his bride. Mr. Caplinger has served as a church officer for several years.

Mrs. John Foster, of St. Louis, Mo., was honor guest at a lovely luncheon entertained by Miss Emma Jackson, at the Cherry Hotel Tuesday.

A three course luncheon of most delicious and seasonal viands was served by the hotel cuisine at a beautifully appointed table, centered with gorgeous tulips. Covers were laid with the hostess and honor guest for Mrs. George W. Blakeley, Mrs. J. Stanley Mitchell, Mrs. J. L. Rothrock, Mrs. Frank A. White, Mrs. Charles A. Reid, Mrs. Joseph H. Harper, Mrs. Regina U. Staubus, Mrs. Aublin Hedges, of Hillsboro, Miss Judith Ann Jackson, Miss Florence Ustick.

After the luncheon Miss Jackson took her guests to her home and extended charming hospitality during a delightful afternoon.

The guests especially welcomed the opportunity of visiting with the extremely interesting honor guest, who retains her friendships in this community, her earlier home, to an unusual degree. It was generally regretted that Mrs. Foster's stay was so limited, as she was leaving Wednesday afternoon for Chillicothe, where she will visit before leaving for St. Louis.

The Ladies Aid Society of the Bloomingburg M. E. Church was hospitably entertained Tuesday afternoon by Mrs. Florence Evans. Mrs. Evans was assisted by her daughter, Mrs. Edgar McIntosh. Mrs. Joe Allemang, vice president, conducted the meeting, fourteen members responding to roll call.

The hostesses provided a contest for entertainment during the social hour and served tempting refreshments.

Mrs. Colin C. Campbell was hostess to her bridge club Tuesday, assembling the members at one o'clock at Melvin's Log Cabin near New Holland. The cabin management arranged a pretty table, centered with flowers, for the party and served a most delicious luncheon.

Following a prolonged hour of serving, the club returned to Mrs. Campbell's home for the afternoon of bridge.

Miss Jane Ramsey returned to Columbus Wednesday morning after a several days' visit with her mother, Mrs. Richard Ramsey.

Dr. Bland L. Stradley, of Ohio State University, who will give the class address at Washington C. H. high school June 3, has been examiner at the university for 15 years.

During that time he has admitted to the university some 50,000 young people, and rejected thousands of others obviously not equipped for college work.

Last year Dr. Stradley was president of the North Central Association of Colleges and Secondary Schools, accrediting organization for 300 colleges and 3000 high schools in 20 states. Previously he had served as a vice president and as examiner for the association, the latter position carrying him over 20 states as inspector of colleges and universities.

Dr. Stradley graduated from the high school at Dresden, and has degrees from Ohio Wesleyan and Harvard. Two colleges, Ohio Wesleyan and Ohio Northern, have given him honorary degrees in recognition of his work in behalf of the colleges and high schools of the state.

At Ohio State Dr. Stradley has the added duties of selecting each year the 285 worthy boys to be admitted to cooperative dormitories, with about five applications for every available place. He selects the 1200 students who are given work on the campus under the government's program of aid for needy students.

Mrs. L. C. Coffman complimented her sister-in-law, Mrs. Bette Coffman, with an informal little luncheon Tuesday, in honor of her birthday. It was a complete surprise to Miss Coffman.

The guests were confined to a quartet of friends, who had attended Ontario Ladies College together and had since remained closely in touch with each other. The quartet included, with the honor guest, Mrs. Wert Shoop, Mrs. Ben F. Davis and Mrs. George Fabb.

The hostess served a particularly delicious luncheon, the prettily appointed table centered with a large bowl of beautiful rose tulips, sent

There was a merry hour around the table and Miss Coffman made happy response for a number of gifts and warmly expressed good wishes. A bridge game rounded out the afternoon's pleasure.

In connection with the Central P. T. A. meeting Thursday evening, the last of the year, the W. P. A. Sewing Center will present a style show. The sewing class has been under the direction of Mrs. Charles Marine and the public is invited to attend the meeting and exhibition.

The session convenes at the school building at half past seven o'clock.

Commencement activities at Bloomingburg start off Thursday night with the senior class play at the high school auditorium at 8:15.

The play, "Meet the Millionaire," was directed by Mrs. Martin G. Morris.

Next week's calendar includes Baccalaureate, the Junior-Senior banquet and Commencement.

The Queen Esther class of the Church of Christ met Tuesday afternoon in the church parlors, with Mrs. Lottie Tillis, president, presiding. Banks will be distributed among the members for the purpose of replenishing the treasury.

A bible contest afforded interest for the social hour and was followed by the serving of very tempting refreshments. Hostesses for the meeting were Mrs. Ethel Goley, Mrs. Amanda Wilson, Mrs. Lida Donahoe and Miss Hattie Livingston.

A party of Cincinnati women, who have hosts of friends in this city, are motoring up for the guest luncheon-bridge at the Washington Country Club Thursday, the opportunity for renewal of acquaintance most welcome. In the party are Mrs. William E. Wood, who is sailing the last of May on the S. S. Franconia for a summer's tour of England, Mrs. Robert B. Palmer, Mrs. Charles Stevens, Miss Jean Bonfoey, Miss Blanche Stuckey, Miss Grace Stuckey.

Rev. and Mrs. A. E. Kirby and daughter, Margaret, of Scio, Ohio, who have been attending the M. E. General Conference, motored down from Columbus to visit with Mrs. Kirby's mother, Mrs. J. S. Griffith, and family before returning to their home. Mr. and Mrs. Homer Griffith accompanied them for a brief visit at the Griffith home.

Mr. and Mrs. Frank Mellinger, of Zanesville, visited the latter's parents, Mr. and Mrs. Charles Todhunter, of the Chillicothe highway, the first of the week. Mrs. Todhunter is receiving gratifying newspaper recognition in her laboratory work at Zanesville.

Mr. Joseph H. Harper, Mr. Knox Hutchison and Mr. Robert Baird motored to Columbus Tuesday afternoon to visit with Mrs. Lulu H. Robinson, who is resting comfortably at White Cross Hospital after a broken hip. Miss Alva Rodgers is remaining at the hospital with Mrs. Robinson.

Mrs. Mary Wiggins and Mrs. Kenneth Boulware, of Hillsboro, were shopping visitors in this city, Tuesday.

PROSPERITY (so long just around the corner), has returned, for, according to international jewelers, sumptuous jewels are being called for.

The best jewel designers in France, England, Germany and America keep in close touch. Many of them convene at the Leipzig Fair, in Leipzig, Germany, to display their newest creations.

As was to be expected, the riot of colors used in suits and gowns is being repeated in jewelry. Royal purple, apple green, salmon pink, copper brown and vivid blues are all represented in gems.

The new bracelets are, possibly, the most conspicuous of the new pieces. The cuff bracelet is shown in a great variety of designs. As shown, left above, worn by Binnie Barnes of the screen, is a sample of the new style. The wide cuff effect obtained by a number of bracelets of varying widths, are mated by a narrow piece on the other hand. A large clip at the neckline completes the jewelry ensemble worn by Binnie as complementing her frock.

A pair of bracelets of modest width are worn with her costume of lace topped by a large straw hat, chosen by Sally Eilers.

Valerie Robson, rights, wears a different style of bracelet altogether—gold leaves with stones set as berries in a lovely design. Other jewels she wears with her evening dress are handsome pearl ring and earrings.

Mr. and Mrs. M. L. Clark have recently moved from Portsmouth to this city and are residing in the Worrell double on South Fayette street. Mr. Clark represents the Prudential Life Insurance Co.

Dr. and Mrs. Fred D. Woodard motored to Dayton Wednesday to visit with Mr. and Mrs. W. E. Martin.

Miss Florence S. Inskeep has returned from Indianapolis, accompanying Columbus representatives of the company to the Real Silk Hosiery Mills for a couple of days visit.

Mr. and Mrs. Forrest Morgan and son, and Mr. and Mrs. Harold Layman are moving from Washington avenue to the Shoop property on Temple street.

ITALY-LEAGUE CHASM WIDENS

Italy Matches Withdrawal from League Act with Hands-off Warning

By The Associated Press

A widening chasm stretched today between the new Italian empire and the League of Nations.

Italy matched yesterday's withdrawal of her Geneva delegation with a defiant, hands off warning on Ethiopia. Premier Mussolini's Il Popolo D'Italia repeated Il Duce's own words:

"The Italian people have created an empire with their blood, they will cultivate it with their labor and defend it against anyone with their arms!"

The Fascist state let it be known the league had either to accept the new Roman empire or get along without Italian participation in league affairs.

Geneva observers indicated they would not be surprised if yesterday's recall of the Italian delegation led to a complete withdrawal of Italy from the league.

The league council refused to modify sanctions after the Italians had departed.

Great Britain showed no outward perturbation over the Italian departure. Some British observers were inclined to look upon it in the light of a mere gesture.

Keen Competition Marks Fayette County Primary

Two years, and H. E. Keifer, Republican nomination for county treasurer in a three-way race, meets Willis E. McCoy, present Democratic deputy, in the Fall.

Jess Whitmer, by virtue of his Primary victory over two other candidates for the Republican nomination, faces the different task of campaigning against W. H. Idenhower, the present incumbent who has topped his ticket in two elections, for sheriff.

George A. Gregg, Republican, and Clyde Haager, Democrat, will bid for the county engineer's office.

The Democratic contest for county commissioner nominations rivalled the Republican contest for the same nominations in competition.

Inasmuch as there was not much of a contest, by comparison, for the presidential nominations little effort was made to keep accurate figures on the vote for delegates to the National conventions. It was early a foregone conclusion, however, that the "Favorite Son" slate would get the endorsement.

The vote in this 1936 Primary was heavier than had been forecast by the majority of prognosticators who apparently had underestimated the drawing power of the contests for nominations for county offices.

In the last general election two years ago, a total of 7,762 votes were cast for governor when the county normally Republican by a 1,500 majority went to the G. O. P. candidate by a majority of only 645 votes.

In Tuesday's Primary a total of approximately 3,974 votes were cast against predictions of 2,500. Not quite twice as many Democrats voted as did Republicans. Taking the vote of the closely contested candidacies for the nomination for state representative as a guide about 1,568 Democrats and 2,406 Republicans went to the polls Tuesday.

The Republicans named Alonza Bass, Mrs. Leota McLean, O. S. Nelson and Richard R. Willis delegates to the party's state conven-

tion and Miss Jean Caviness, Richard Cockerill, R. E. Cockerill, R. E. Minshall and Miss Florence Mabel Sparks, as alternates. None had opposition.

EVEN EX-WIFE CAN'T GIVE TESTIMONY TO IMPEACH HUSBAND'S

As to Matters Which Occurred While They Were Living Together

Columbus, O., May 13.—(AP)—An ex-wife cannot give testimony to impeach her former husband's testimony about something that happened when they were living together, the state supreme court ruled in effect today in refusing to review a Lucas county appellate court decision.

Edith Cause had testified in a damage suit that she smelled beer on her former husband's breath after he had been involved in an automobile and a bus collision in which Henry Neorr had been killed. The husband was driver of a bus of the Community Traction Co. of Toledo. Henry had testified that he had not been drinking.

The common pleas court awarded the administration of Neorr's estate damages from the traction company, but the appeals court reversed on the ground that the ex-wife's testimony could not be "used to impeach that of her former husband's. The case must be retried in the common pleas court without the ex-wife's testimony.

HARMONY RETURNS TO M. E. CONFERENCE

MORE WITHDRAWALS OF CANDIDATES CLARIFIES CONDITIONS

Columbus, O., May 13.—(AP)—Delegates to the quadrennial conference of the Methodist Episcopal church elected a compromise candidate, Alexander P. Shaw of New Orleans, as a negro bishop today.

Election of Shaw, editor of the Southwestern Christian Advocate, came on the fifth ballot after the leading candidates, Willis J. King of Atlanta, Ga., and W. A. C. Hughes of Philadelphia withdrew.

Shaw succeeds Bishop Matthew Clair, negro, of Covington, Ky., who resigned.

Dr. Harry W. McPherson, president of the Illinois Wesleyan university, Bloomington, Ill., led other candidate for the third white post of bishop to be filled by the conference. Two were named yesterday.

Those elected yesterday on the fourth ballot were Dr. Wilbur E. Hammaker of Youngstown and Dr. Charles W. Flint of Syracuse, N. Y.

NORMAL APPEARANCE IN GREEK CAPITAL

Athens, May 13.—(AP)—The Greek capital presented a normal appearance today despite the calling of a 24-hour general strike in protest against recent clashes between troops and striking tobacco workers.

Transport services and communications continued to operate, and shops remained open. Semi-official reports said the remainder of the country was calm.

The strike call went out at midnight last night, with the walkout to remain in effect until midnight tonight, but tobacco workers had already agreed to return to their posts tomorrow under an accord calling for 20 to 30 per cent wage increases.

POLITICS at Random

Ohio—Senator Borah of Idaho, apparently lost to Robert A. Taft, "favorite son" candidate, in a primary contest for delegates to the Republican convention. President Roosevelt piled up a big lead over Col. Henry Breckinridge, New Deal foe, in another test.

West Virginia—Senator Neely led Ralph H. Hime, candidate backed by Senator Holt, for the Democratic senatorial nomination. Early returns showed 23,970 votes favoring President Roosevelt's re-election, 7,893 preferring Borah.

Delaware—Six votes at Democratic National convention pledged to President Roosevelt.

Vermont—Nine uninstructed delegates to Republican National convention, described by the State Republican chairman as "leading to" Gov. Alf M. Landon of Kansas, selected.

North Dakota—Eight delegates to Democratic National convention instructed to vote for Roosevelt.

Washington, May 13.—(AP)—Ohio's primary election results commanded sharp attention in the capital today as incomplete returns showed substantial leads for President Roosevelt and Robert A. Taft in the Democratic and Republican presidential contests.

Other political grist included a charge from Republican Chairman Henry P. Fletcher that his party's campaign material had been "mutilated" while in the mails.

Fletcher issued a statement saying that a copy of "Uncensored", a publication of the Republican National committee, had been "censored" and matter deleted before it reached a citizen to whom it was sent.

Other developments included the action of the North Dakota Democratic convention in selecting eight delegates instructed to vote for President Roosevelt.

Postmaster General Farley, addressing the state delegates, declared he believed the electorate "will insist the President shall have the opportunity to complete his job" of recovery.

Farley reiterated that he believed the President would carry every state in November.

Col. Frank Knox of Chicago continued his campaign for the Republican nomination in Tacoma, Wash., last night, accusing President Roosevelt of "reckless expenditures" and "legalizing monopolies." He also said:

"To attempt to lull the people into a false sense of immunity from future tax burdens by a demagogic assumption that only the rich pay taxes is a form of deceit too despicable to describe in temperate language."

Senator Barbour (R., N. J.) addressed the Vermont Republican convention yesterday, and appealed for a "Liberal" Republican platform at the National convention.

Nine uninstructed National convention delegates were selected. John P. Davis, Vermont Republican chairman, described them as "leaning to" Gov. Alf. M. Landon of Kansas.

FAVORITE SON EXPLAINS VOTE

As Showing Republicans Are Opposed to Roosevelt's Policies

Cincinnati, O., May 13.—(AP)—Robert A. Taft, Ohio's "favorite son" candidate for the Republican nomination for president, interpreted Tuesday's election as an indication of uncompromising opposition by Ohio Republican voters to President Roosevelt.

In a brief statement today, he said:

"The overwhelming victory of the delegates pledged to Mr. Frederickson and myself showed that the Republican voters of Ohio are in favor of choosing a candidate and writing a platform uncompromisingly opposed to President Roosevelt and the New Deal."

"This was the issue made in every county. The delegates chosen are determined that a progressive platform be written within the principles of the American constitutional and economic system."

BORAH FORCES

0. publisher and Ohio leader for the Col. Frank Knox-for-president movement, topped the list of Taft's eight delegates-at-large.

Brown had 173,369 votes in the 5,656 precincts. The high Borah supporter, Daniel E. Morgan of Cleveland, had only 94,646, which was considerable under the 129,104 polled by Frank H. Ransbottom of Zanesville, eighth on the Borah slate.

President Roosevelt swamped Col. Henry Breckinridge in the Democratic preferential race with a 325,012 to 227,736 vote on the basis of returns from 5,981 precincts.

State election officials said tabulation of the yard-long ballot, which was the slowest in a score of years, was due to the unprecedented number of issues on the primary ballot.

Other Taft-Borah votes were:

Taft slate: Former Gov. Myers Y. Cooper of Cincinnati, 169,710; Alice Roosevelt Longworth of Cincinnati, 164,212; Walter F. Brown of Toledo, former Postmaster General, 159,936; Gertrude Jones of Findlay, 138,512; Carmi A. Thompson of Cleveland, 141,858, and Leroy N. Bundy of Cleveland, 136,088.

Borah slate: Roscoe C. McCulloch of Columbus, 88,712; Knight, 88,167; Leland S. Dougan of Columbus, 87,813; Russell C. Heddleston of East Liverpool, 85,621; Elsie Bennett Wilson of Medina, 84,291, and Charles McIntire of Zanesville, 82,667.

BELIEVE WOMAN KILLED MRS. GUILD

AT LEAST THAT'S A THEORY THE DETECTIVES ARE WORKING ON.

Chicago, May 13.—(AP)—A theory that a woman slew Mrs. Lillian Guild in her room at the Y. W. C. A. hotel was studied by detectives today after four days of intensive investigation failed to pierce the shell of mystery surrounding the crime.

Sergeant Daniel Healey suggested a woman of Amazonian strength might have beaten the 50 year old antique dealer to death with a brick when interrupted in a burglary early Saturday.

Dr. Clarence W. Muehlberger examined the death instrument under a microscope and concluded it had not been carried into the women's hostelry. He said similar bricks, coated with the same type of dust, were found in the basement of the building.

MARKETS and FINANCIAL NEWS

DAY'S ACTIVITIES IN WALL STREET

By VICTOR EUBANK

New York, May 13.—(AP)—Another horse-and-buggy stock market today pulled specialties ahead for gains of fractions to 2 or more points.

Alcohol issues led the plodding advance, with scattered industrials not far behind.

Principals gainers, near the start of the fourth hour incited Distillers Corp., Hiram Walker, U. S. Industrial Alcohol, National Distillers, Schenley, Du Pont, American Can, Westinghouse, Douglas Aircraft, Liggett and Myers B. Anacoda, Sears Roebuck, Montgomery Ward, Santa Fe, U. S. Steel and Chrysler.

Only slightly higher were such stocks as Bethlehem, General Motors, Consolidated Edison, American Telephone, North American, Southern Pacific and N. Y. Central.

Bonds were little better than steady. Wheat and cotton were moderately improved. Foreign currencies were inclined to ease in terms of the dollar.

ZIONCHECK AMUCK ON HONEYMOON TRIP HAS AUTO TROUBLES

Ducks Rocks, Runs into Truck and Plunges Through Gates

Ponce, Puerto Rico, May 13.—(AP)—Representative Zioncheck of Washington, who spent Monday having automobile troubles obtained a close-up view of Puerto Rico's nationalistic movement last night in San Juan.

Before the night had ended, the oft-arrested congressman had ducked stones which broke windows, watched police break up a demonstration of 800 nationalists, and had asked for the protection of the United States naval station.

Zioncheck, in Puerto Rico on his honeymoon, attracted island-wide attention Monday by a series of motoring mishaps in which he collided with a truck, ran through a gate, and was threatened with a damage suit and invited to fight by an aggrieved landowner.

Last night demonstrators who advocate the independence of Puerto Rico from the United States surrounded Zioncheck's hotel.

Zioncheck fled to the home of Lieutenant Hoore in the naval station. The demonstrators threw stones which broke the windows.

Police fired two shots and dispersed the crowd.

KARPIS-CAMPBELL HOSTILE JAIL MATES

St. Paul, May 13.—(AP)—Under the same roof for the first time in months, but lodged in widely-separated cells in the Ramsey County jail, Alvin Karpis and Harry Campbell today glowered at federal men and deputy sheriffs keeping a vigilant guard.

Campbell awaited removal to a federal prison—probably Alcatraz—to serve a life sentence for his confessed complicity in the \$200,000 kidnaping of Edward G. Bremer, St. Paul banker.

ALL CLUES LACKING IN MURDER MYSTERY

Portsmouth, Ohio.—(AP)—Police, working on a coroner's opinion that a young woman whose headless body was found in the Ohio river was slain, hunted further Wednesday for clues as to her slayer. Coroner Ross Moore Gault said the woman's head had been hacked and twisted off before the body was placed in the water, possibly two weeks ago.

A fisherman found the body Thursday night at Franklin Furnace.

Evidence that man lived in America before the ice age has been recently uncovered.

WOOL MARKET

Boston, May 13.—(AP)—(U. S. Dept. Agr.)—Spot business in wool on the Boston market was very moderate, but it was reported that activities in the country had picked up. Country packed medium grade bright fleeces from Ohio and Michigan were showing a continued firming tendency, and prices a fraction above 35 cents in the grease, delivered east, were reported to have been paid. Strictly combing 3/2 and 3/4 blood graded Ohio fleeces were being quoted, for delivery within the next few weeks, at mostly 36-37 cents in the grease.

GRAIN MARKET NEWS SUMMARY

By JOHN P. BOUGHAN

Chicago, May 13.—(P)—Caution on the part of sellers, a circumstance partly associated with the Frazier-Lemke debate at Washington, appeared somewhat responsible for wheat price upturns today.

Highest prices of the day for wheat were reached just before trading was ended. The maximum rise was 1 1/2 cents a bushel.

Wheat closed firm, 5/8 to 1 cent above yesterday's finish, May, 92 1/2¢; July, 85 1/2¢; corn 1/4¢ to 1/2¢ up, May, 62 1/2¢; oats at 1/4¢ decline to 3/8¢ advance, and provisions varying from 12 cents set-back to 7 cents gain.
